The following action is in response to the amendment received December 3, 2004.

***Allowable Subject Matter***

Claims 1-18 are allowed. In accordance with MPEP 608.01(n)IV, claims 1-6, 8, 10, 7, 9, 11, 14, 15, 12, 16, 13, 17, and 18 will be renumbered for printing as claims 1-18, respectively.

***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to show or render obvious a transmission gear with a dog clutch as defined in claims 1, 3, and 12, and particularly wherein a flange on an outer circumferential surface of the ring part extends in an outer radial direction from the base end portion of the clutch teeth.

The art of record also fails to show or teach a transmission gear with a dog clutch as defined in claim 6, and particularly wherein a flange on the ring part to be located on the side corresponding to the base end portion of the clutch teeth has an outer diameter greater than a maximum diameter of the clutch teeth.

The art of record fails to show or render obvious a transmission gear with a dog clutch as defined in claims 7 and 9, and particularly wherein a flange on the ring part to be located on the side corresponding to the base end portion of the clutch teeth has an outer diameter equal to a maximum diameter of the clutch teeth.

The art of record fails to show or teach a method of manufacturing a transmission gear with a dog clutch as defined in claims 11 and 13, including the step of separately forming a dog clutch gear including a flange on an outer circumferential surface of the ring part extending in an outer radial direction from the base end portion of the clutch teeth.

Amendments to claims 1 and 3 in applicant's response of December 3, 2004 obviate the rejection based on 35 USC 112, second paragraph, set forth in the previous Office action. Accordingly, the rejection based on 35 USC 112, second paragraph, is withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
